

S v i t a v y 2 0 1 0 GLOBE Games

Dear Friends!

Let me introduce you into the **13th GLOBE Games** in the Czech Republic which will take place from **6th to 9th May 2010** in town **Svitavy** (Central part of the Czech Republic).

In the year 2010 TEREZA Association organizes the GLOBE Games in close cooperation with the basic school in Svitavy, The Mayor of Svitavy and under the auspices councilwoman of Ing. Jana Pernicová in The Pardubice region.

The GLOBE Games has been organized by TEREZA annually as a part of GLOBE Program in the Czech Republic since 1997. It is a meeting of environmentally oriented students, teachers, scientists and special guests. Participants will explore a chosen area, share their experiences from student's scientific measurements, start school-to-school collaboration and compete in special environmental topics covering many of the GLOBE protocol areas, such as measuring water quality, working with GPS, etc. They will also cooperate in special teambuilding tasks. There will be also space for improving presentation skills of students during conference and Festival GLOBE.

Team

We would like to invite **8 students maximum and 1-2 teachers from each country**. Except Czech schools, there will be participating students from Hungary, Poland and Slovakia. The basic school of Svitavy invited also its partner schools from the Slovak Republic.

Each group can be accompanied by one or two Czech students - your **personal guides**, who will spend some parts of GLOBE Games with your group and help you in case you need it. When you send us your Registration form, your personal guide or guides start to communicate with you and your students.

For the rest of the day you can choose some accompanying programs.

Friday

NATURE GAME. The whole day in nature is prepared on Friday. You will spend all the day outside in nature undertaking GLOBE scientific measurements and some collaborative tasks. You will work in mixed international teams. Please, consider that during a choice of the students. Each of them should speak English very well.

Saturday morning

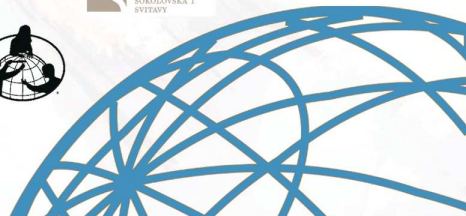

Czech students have an opportunity to compete on Saturday morning at **STUDENT'S CONFERENCE**. For foreign teams is prepared trip with their guides together.

Saturday afternoon

On Saturday afternoon you can enjoy **FESTIVAL GLOBE** in the Svitavy Central Park. Czech GLOBE students are preparing interesting activities for public in Svitavy which they can try themselves. The topic is "**Touch the Air!**" Partly there will be occasion for foreign participants to introduce themselves on the central platform.

Please, **bring the flag of your country with yourself** (anything else what you consider as a national mark of your country is volunteer). Each country has about **5 minutes** for its presentation. You will just tell something like "Hello, we are from and we are doing GLOBE in our country." etc. You can dance, sing, if you want, or you can say something interesting about your country.
